

**Cultish deduction.
Card drafting.
Tax exemption.**

5-10 players

Ages 14+

40 to 60 min to play

Pillbox Games brings its trademark gorgeous illustration style and easy-to-learn gameplay to a more intricate party game. Part social deduction, part card drafting, All True Believers offers a unique take on classic genres – with stunning components and limitless expansion possibilities.

You play as members of a cult trying to go on enough missions to reach tax exemption status. Each mission involves trusting another cult member to offer up the right Virtue cards to complete the mission – however, there are defectors within the cult hoping to bring the operation down from the inside. The defectors must stay hidden and use sabotaging mechanics to hinder the cult's chances of winning. All the while, everyone is drafting new disciple cards that give each player unique abilities.

- Card drafting and modularity make every game unique
- Lying helps but, unlike other social deduction games, it is not required
- The base game box fits extra cards for expansion packs
- Perfect for seasoned gamers and newbies looking for an elevated experience
